Subject: REQUEST FOR CORRECTION OF 2% BID BOND VALUE AND EXTENSION OF TENDER VALIDITY PERIOD — TENDER NOS. T-4431, T-4432 & T-4433

Respected Sir,

It is respectfully submitted that an error has been observed in the **2% Bid Bond value** mentioned in the tender documents against the following tenders:

- **Tender No. T-4431:** Procurement of 340 Nos. 50 KVA Distribution Transformers
- **Tender No. T-4432:** Procurement of 534 Nos. 100 KVA Distribution Transformers
- **Tender No. T-4433:** Procurement of 1,110 Nos. 200 KVA Distribution Transformers

It has been observed that the **2% Bid Bond values mentioned in the above tenders have been stated at double the required amount**. Therefore, it is requested that the Bid Bond values may kindly be **reviewed and corrected to the actual 2% of the applicable tender value**, and a corrigendum may kindly be issued accordingly.

It is further submitted that the **Rabi-ul-Awal holiday falls one day before the scheduled tender date**, which may adversely affect bidders in arranging and submitting the required tender documents and Bid Bonds within the prescribed time.

In view of the above, it is requested that the **tender submission/opening date may kindly be extended by one to two weeks** to provide sufficient time to all prospective bidders after issuance of the necessary corrigendum regarding the Bid Bond values.

It is therefore requested that necessary amendments/corrigendum may kindly be issued for **Tender Nos. T-4431, T-4432 and T-4433** regarding:

1. Correction of the **2% Bid Bond values**, which have inadvertently been mentioned as double the required amount; and
2. Extension of the tender submission/opening date by **one to two weeks** due to the Rabi-ul-Awal holiday.

Your kind consideration and necessary action in this matter shall be highly appreciated; we shall be grateful for your sympathetic consideration and prompt action.

For which we shall be thankful to you.

Yours faithfully,

Zeeshan Ali Bhatti
